

REMARKS

Claims 1 and 4-10 are pending in the application. Claims 1 and 4-10 stand allowed except for formal matters. The drawings stand objected to for failing to show a feature that is essential for proper understanding of the disclosed invention. Additionally, minor corrections are required in the application Title and Claims.

By this response, applicant has amended the application title and claims 1, 4, and 9 as requested by the examiner. A replacement drawing sheet is provided containing revisions to FIG. 7 which overcome the objection to the drawings.

The applicants believe the application is now in condition for allowance. Allowance and prompt passage to issue are respectfully requested.

Respectfully submitted,
David M. Creighton et al
